PARTZSCH

6th PARTZSCH PRACTICE DAY - theory meets practice

POWER FOR YOUR (RE)VISION

MANUFACTURE-INDEPENDENT EXCHANGE OF EXPERIENCE ON THE LIFE CYCLES OF LARGE, ROTATING, ELECTRICAL MACHINES:

Once again this year, you can expect exciting demonstrations using practical examples, a tour of our halls and interesting technical presentations on the following topics:

- Universal replacement generator
- Modern insulation technologies for stator windings and damage to Turbo Generators
- Troubleshooting through vibration and noise analysis
- Plain bearings - theory and practice
- Kawasaki Hydrogen Road - Development of Innovative Hydrogen Technologies

Your participation is free of charge. We cordially invite you!

When?
October 12, 2023 from 9:30 am to 5 pm
